1> Tony still the man to beat, he shoots, he scores, he Wins, mostly. Colin has made the leap into the top set, keeping it an all Compound group

2> The female family Tucker top this group, with Maria close on Colin's heels. Russell,Eshan and Mel waiting for any slip ups.

3> Saahil getting to grips with his compound on the small targets, but don't write off Adelaide.

4> While Sophie and James are currently out of place in this group, I'm sure once course work and injury are resolved they will start to rise.

5> No group 5's at the moment, and welcome to Ian , the first of our latest crop of novices to take part, more will come I'm sure.
